Objective

A highly motivated and detail-oriented individual finished at Masinde Muliro University, with a strong foundation in software development, data management, and system analysis. Seeking an opportunity to leverage my skills and knowledge in a dynamic and challenging environment.

Education

Masinde Muliro University of Science and Technology

Degree in Bachelor of Science in Computer Science

- Relevant acquired skills: Software Engineering, Database Management Systems, Algorithms and Data Structures, Web Development, Artificial Intelligence, react, nextjs, python.

Mbita High School

Kenya Certificate of Secondary Education (KCSE)

- Grade: B+

Skills

- **Programming Languages:** Python, Java, C++, HTML/CSS, JavaScript, react-native, next.js
- **Software & Tools:** Django, Git, MySQL
- **Web Development:** Frontend and Backend Development, RESTful APIs
- **Database Management:** Database Design, SQL
- **Problem-Solving:** Algorithm Design, Data Structures, Debugging

Experience

ARMOUR SOLUTIONS TECHNOLOGY, Kenya

Front-End, UI Design and Back-End
October 2024 - Present

- Designed and implemented responsive **front-end interfaces** using modern web technologies (e.g., React, Next.js, Tailwind CSS) to enhance user experience.
- Developed and maintained **RESTful APIs** and back-end logic (e.g., Node.js/Express, Prisma/MySQL) to support seamless data integration with RMS tools.
- Maintained and updated the **RMS database**, ensuring accuracy, reliability, and improved system performance.
- Worked closely with cross-functional teams to optimize workflows, fix bugs, and improve system usability based on user feedback.
- Participated in **UI/UX design efforts**, ensuring clean, intuitive, and accessible designs aligned with modern design principles.

Projects

Orphanage Management System

- Developed a web-based application to manage child records, staff profiles, donations, and resource inventory using NextJs and MySQL.
- Implemented features such as user authentication, role-based access, real-time tracking of donations and inventory, and reporting tools.

Personal Portfolio Website

- Created a responsive and interactive portfolio website showcasing personal projects and skills.
- Utilized HTML, CSS, and JavaScript for the frontend, and deployed the site using GitHub Pages.

Achievements

- Awarded Best Final Year Project Proposal, Computer Science Department, Masinde Muliro University (2024).
- Member of the University's Programming Club, participating in inter-university coding competitions.

Extracurricular Activities

- **Programming Club:** Active member, participating in coding competitions and hackathons.
- **Community Service:** Volunteered in local tech workshops to teach basic programming to high school students.
